Costa Blanca North, Calpe

Exceptional villa with private pool located in Calpe, boasting spectacular views of the sea and mountains, and offering a high level of privacy. Situated in the Oltà area, a lightly populated, tranquil, and sunny urbanization, it stands at a refreshing 200 meters above sea level. Surrounded by forests and hiking trails. Unlike conventional villas, this property was built in 2010 using eco-friendly materials and designed with bioclimatic criteria. This ensures that the house maintains a comfortable temperature and humidity throughout the year with minimal use of heating or air conditioning. However, for added comfort, ducted air conditioning and heating pumps have recently been installed on the ground floor, with splits on the upper floor. The villa follows the architectural patterns of typical Mediterranean farmhouses. Built on a plot covering 10,030 m², the property features a completely flat and fenced area of 1,350 m², with the remaining land forming terraces that can be used for planting fruit trees or accommodating horses, etc. The living space has a built area of 230 m², plus a 80 m² basement. The interior is decorated in a modern style, contrasting with the rustic exterior. You can enjoy the spacious living-dining room and the covered and glazed terrace.
