Référence: R4389454 Terrain: 800m²

Costa Blanca North, Javea

A plot for the development of nine large apartments in central Javea.

This apartment site is located in the middle of the mediaeval Old Town district.

Located just behind the post office, this plot of land has plans to build four triplex apartments in the underbuild and on the ground floor and the first floor.

Then a further two more apartments can be built on the floor above and finally three duplex apartments.

An excellent development project for luxury apartments in central Javea.
