Rustic country house with olive grove and sweeping views In the middle of the peaceful landscape lies this charming country house – a place where life moves at a slower pace and where nature really takes its place. Here you live with a whopping 28,000 m² of your own land around you, surrounded by olive trees, open fields and a tranquility that is hard to find anywhere else.

The spacious house offers 150 m² of well-planned space with three bedrooms, one bathroom and generous common areas where family and friends can gather. There is a warm and authentic feeling here, perfect for those who dream of a country home with character and closeness to nature.

From the sunny terrace you look out over the rolling landscape – the perfect place for long summer evenings, breakfasts in the morning sun or a cup of coffee in complete silence.

The plot also has three large garages, a separate storage room and a spacious warehouse, making this the perfect property for those who need space for machinery, a workshop, a hobby or farming. The property is also connected to the olive grove's irrigation system, an invaluable detail for those who want to continue the cultivation or develop it further.

This is more than a home – it's a lifestyle. An opportunity to create something unique, to live close to nature and at the same time have space for both dreams, projects and everyday life.

Welcome to a place where life can expand – literally.
